STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Woodstock in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Woodstock on Tuesday, the fourteenth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will authorize the selectmen to hire such sums of money as may be necessary to pay town charges.
4. To see if the Town will vote to authorize the selectmen to sell any real estate owned by the town or any timber owned by the town which was blown down due to the hurricane.
5. To see if the Town will vote to grant a discount of 3% on taxes paid on or before Spetember 1, 1939 and to add 20 cents to each poll tax bill not paid September 1, 1939.
6. To see if the Town will vote to raise such sums of money as recommended in the budget.
7. To see if the Town will vote to accept the reports of all Town Officers as printed in the annual report.
8. To see if the Town will vote to raise and appropriate the sum of \$50.00 for forest fire fighting equipment.
9. To see if the Town will vote to raise and appropriate the sum of \$82.00 based on 1-100 of 1% of the assessed valuation, for town share of cooperative participation in the White Mountains Region Association.

10. To see what action the Town will take in regard to the replacement of bridges in the town which were destroyed by the flood or hurricane.

11. To hear reports of Agents, Auditors, Committees and other officials heretofore chosen and pass any vote in relation thereto.

12. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this 14th day of February, in the year of our Lord nineteen hundred and thirty-nine.

Decrease in debt	\$ 1,412.93

NOTE—While \$3,000.00 was appropriated for reduction of town debt, this report shows only \$1,412.93 reduction. This is due to Flood and Hurricane damage of \$2,218.78 and Ski Slope \$2,046.71, a total of \$4,265.49 for which no money was actually raised but which has all been paid from current funds, cash having been available from a liquidation of assets.

If these two unappropriated figures had not been expended, the reduction in town debt would have been \$5,678.42.

REPORT OF WINTER RECREATIONAL AREA

Agreeable to a vote taken at the Annual Town Meeting, March 8, 1938, a ski slope has been constructed on land of W. J. Deachman and Eliza Bunton Estate near what is commonly known as the Airport.

Leases were obtained from Trustees of Eliza Bunton Estate and William J. Deachman each for a period of fifteen years. The former lease calls for a payment of \$1.00 per year by the town, all merchantable wood and lumber cut to be piled so it is accessible by truck, no open fires are permitted and the estate to remain free from liability of damage to persons and property.

The lease from W. J. Deachman calls for a payment by the town of \$75.00 per year and allows a refreshment stand concession to Mr. Deachman, who in turn agrees to provide fuel for the ski house. This lease covers winter use only. The Town also gives to Mr. Deachman privilege to sell the property under two conditions:

First—The Town shall have first option to buy at a price equivalent to any other purchaser.

Second—If the Town does not see fit to exercise this option, Mr. Deachman shall insert in his bill of sale a clause continuing the lease to the Town the balance of the fifteen years.

Application was made for a W. P. A. project which was granted by the Federal Government and work begun the last part of June with H. C. Clark in charge, and according to many of our visitors, we now have a ski slope second to none in New England. The ground was cleared, grubbed smooth and grass seed sowed so that it is skiable with 4 inches of good snow.

Bids were received for installation of a ski tow. This concession was finally given to Mr. Charles Beebe of Hollis, N. H. Below are listed the highlights of this contract:

1. Mr. Beebe agrees to assume all responsibility for accidents on the ski tow and to save the town harmless therefrom.
2. Mr. Beebe agrees to pay the town the cost of its leases (\$76.00) each year, also to assume cost of snow removal from U. S. Route 3 to and including the parking area during the ski season.
3. In addition to the above, he agrees to pay for the first three years 10% of the net income before allowing any salary to himself. After the first three years he shall pay the town 20% of the net income before allowing any salary to himself.
4. Mr. Beebe further agrees to spend at least \$75.00 per year for advertising or for furthering skiing development in the town.

In return the town agrees to grant to Mr. Beebe exclusive right to maintain a ski tow upon the premises for the term of three years with right of renewal upon the terms noted above for additional terms of three years each up to the expiration of the leases.

There are a few minor provisions not mentioned here because of lack of space.

Along with the development a very fine ski house has been built at the foot of the slope which invites your inspection.

Although there has not been any White Mountain National Forest lands used to date the town holds a permit covering about 23 acres adjoining the present project. This additional land has been laid out and spotted for construction whenever and if the town makes available the funds.

A little improving needs to be done on the present slope before another season.

In order to make our winter sports development complete, the selectmen have given to Mr. Fred Nachbaur (an accredited ski instructor) permission to establish and operate the North Woodstock Ski School for the period of one skiing season.

While this whole project was not included in the 1938 tax rate, it is all paid for from current revenue.

Below are the expenditures by the town and Federal Government:

Total expenditures by the Town including

Ski House (see detail of payments)	\$ 2,046.71
Total expenditures by Federal Government	4,071.39
Total cost of Winter Recreational Area	<hr/> \$ 6,118.10

FOREST FIRE WARDEN 1938 REPORT

We have had but one fire this past year that I have any record of. That was a grass fire near the Woodstock Baptist Church in May. It was caused by throwing down a lighted cigarette before it was out. It was put out by school children and men in the Woodstock Village. The Forests were closed twice, once in the Spring and then again in the Fall, after the high wind on September 21st. May I say here that the woodlands will be closed again this Spring and parts will be most all Summer, especially the Federal Forest Land. This is due to the storm damage last Fall. It will be up to every man, woman and child to keep this town fire damage down to the low level that it has in the past years. We ask you not to burn, not even rubbish without asking for a permit giving you right to do so. NO FIRE should be started this year unless it is raining or within a few hours after a rain.

GRAVE FOREST SITUATION FOLLOWS SEPTEMBER HURRICANE

Woodland problems of timber salvage and fire control created in many towns by the September hurricane are of the greatest importance. GOOD CITIZENSHIP CALLS FOR PERSONAL AND WIDESPREAD ACTION!

The salvage of every thousand feet of logs which can be sold means money for landowners, wages for workers, employment for trucks, teams and machinery, as well as reduced forest fire hazard for all. If owners of windthrown timber have not yet acted, they should communicate with those who can help. TOWN CHAIRMEN are fully informed; STATE ADVISORY AGENTS can help to start logging by suggesting names of operators and giving other useful advice; FEDERAL AGENCIES are increasing the number of log storage places as rapidly as possible. INDIVIDUALS MUST NOW COOPERATE!

Forest fire danger for several years will be greater than usual. So much work must be done by public agencies to reduce hazard along roadsides, near improved and other exposed areas that many places will remain hazardous for some time to come. INDIVIDUAL LANDOWNERS MUST TAKE A PERSONAL INTEREST! Aid in clean-up work through the Agricultural Conservation Program is available to any woodland owner at \$4.00 per acre on areas up to 15 acres. The County Agent should be consulted.

Support your local Forest Fire Wardens and Deputies. They are planning, with State and Federal

agencies, an intensive campaign to control fires. Help them by strict observance of the fire laws. Kindle no open fires without a permit from the Warden except when the ground is covered with snow. Cooperate by reporting fires you may see and in other ways. Fire fighting tool supplies are inadequate and should be reasonably increased by many towns. **YOU CAN HELP, AND IT WILL PAY, TO PREVENT FOREST FIRES!**

JOHN H. FOSTER,
State Forester.

PARKS AND PLAYGROUND ACCOUNT

This year we have had quite a lot of work done on Soldiers Park. It was well cleaned in the spring and during the Summer the Bandstand and Flag Pole received two coats of paint. Some one was kind and hauled some loam to help fill over some leaves and other dirt. If some of the low places can be filled in each year it may be possible to keep it mowed with a lawn mower.

The Baseball Ground had but very little work done on it except repairing of wind damage to backstop. The backstop should all be built over this coming summer. I want to thank Mr. Norman Fadden for mowing the outfield for which I never received any bill.

Due to the heavy wind damage on the Ski Trails and the Federal Forest Service not being able to put C. C. C. help on the trails as much as they have in the past, a crew of men was put on to the North Trail on Russell Mountain. Town money has been used to open the North Trail. It took 235 man hours to clear the trail of trees and stumps. Late in the fall the Federal Forest Service cleared the south trail of trees. This trail was impassable from Russell Pond. It has cost the Forest Service some where near 220 man days or \$ 407.60. There are some stumps that should be removed another summer from the trails.

REPORT OF SUPERINTENDENT OF SCHOOLS

School Board of Woodstock:

I hereby submit my fifth annual report as Superintendent of Schools. The statistical table for the year 1937-1938 follows this report.

Headmaster Stephen A. Crowther resigned his position in June to accept another in the state. Mr. Crowther concluded eight years of successful administration and instruction and was an earnest worker for all community welfare activities. Paul F. Davis, a graduate of the University of New Hampshire last June, was appointed to the Headmastership of the high school. Mr. Davis did graduate work at Boston University this last summer. He is highly recommended by the department of education of the state university and appears to be making his place in the community.

The enrollment of the high school remains fairly constant. There is grave doubt in the mind of this supervision as to the expediency of parents continuing to send children to high school after it is apparent from their irregular attendance and attitude toward text books and instruction that high school neither challenges nor holds their interest. They are out of step with the group and probably better off engaged in gainful occupations.

The North Woodstock elementary rooms are full to capacity. The grammar and intermediate rooms are crowded. The primary room has more floor space than the grammar room and it is my recommendation that these two groups be interchanged another year. This will tide the situation over until the library room is available for a schoolroom. Possibly the shift of population may solve the problem as has taken place within my experience.

Mary C. Cahill resigned her position as teacher of the Woodstock Grammar School in June. Miss Cahill did a unique piece of work in her two years and motivated the interest to an extent seldom realized in

a school of this type. Her work was favorably commented on by experts in the field of education. The Board was fortunate to be able to secure Mrs. Josephine Newman to take this position. For the past seven years she has been principal of the New Hampshire Orphan's Home Grammar School. She is an excellent teacher and disciplinarian with a kindly interest in children. She has a keen mind and is studious and progressive. Her type of instruction varies from the former teacher, but is equally effective.

During the present year a sustained effort is being made throughout the 12 grades of the district to develop ability to write and speak simple proper English. Eleven items of punctuation are being concentrated on and insisted on in all work in and out of English classes. The objective set up is to make all pupils punctuation-minded in all written work.

The Board is meeting unanticipated expenses owing to the fall storms. A new transportation route had to be set up owing to the washout of the bridge at North Woodstock. The storm was a contributory cause of the breaking away of the Woodstock shed from the main building and requiring immediate extensive repairs. At the same time the building was shingled. Early in the winter the grates in the furnace of the North Woodstock school building broke down. The halls of this building were frescoed in the fall, improving the appearance very much. In spite of these expenses the Board is not asking for any further funds to complete the year.

Respectfully submitted,

ALLAN M. McCURDY,

Superintendent of Schools.

Report of Headmaster

Mr. Allan M. McCurdy, Superintendent of Schools,
Wentworth, New Hampshire.

I hereby submit my first annual report of Woodstock High School.

School began on September 7th, 1938, with an enrollment of 50 pupils. At present there are 44 since six members have left school. Arranged according to classes the distribution is as follows: eleven seniors; eight juniors; twelve sophomores; thirteen freshmen.

This year I have set aside a 15-minute period at the close of the day to confer with individual students. I plan to give a part of that time to those seniors, who are planning to go on with post-secondary education, the opportunity to become acquainted with the requirements and methods of admission to several colleges.

We have also widened considerably the scope of our extra-curricula activities. In the Fall the boys had a golf team and participated in an inter-class touch-football league. The girls played softball which I hope to continue in the Spring. In the present season, the results of the boy's basketball and winter sports teams have been most gratifying. I am pleased to state that on the whole, the scholastic attainment of the students has risen with their interest in school activities.

I am pleased with the new desks placed in the main and English rooms, and with the new texts replacing those now out of date.

Respectfully submitted,

PAUL F. DAVIS,
Headmaster.
